

Elite Medical Financing Solutions

Provided By Balboa Capital

Elite Medical has partnered with Balboa Capital to provide flexible financing options to make it easy for you to acquire Elite Medical equipment for your business.

With Balboa Capital, you can expect:

Convenience - Simple, 1 page credit application

Fast Credit Decisions - Credit decisions typically within 24 hours or less

Flexible Terms - Terms ranging from 12 months to 60 months

In addition to obtaining the latest technology Elite Medical has to offer, leasing provides several benefits and presents a financial strategy for your business to gain a competitive advantage.

- **Preserve Your Credit Lines**

Keep your credit lines and borrowing capabilities available for emergency situations, operational costs and short-term financing needs.

- **Conserve Your Cash and Working Capital**

Don't tie up your cash in equipment which you can lease over time. Keep your money available for marketing, seasonal cash flow needs and working capital.

- **Improve Cash Flow**

Equipment leasing allows you to pay for the equipment as income is earned from its use.

- **Tax Advantages**

Under IRS Section 179, businesses may write-off the entire purchase price within the first year of acquiring the equipment. The maximum tax deduction for 2011 is \$500K.

- **Eliminate Obsolescence**

Keep your business current by leasing up-to-date equipment which eliminates inefficiencies and keeps your business profitable.
